PASSENGER LOGISTICS

JOB OPPORTUNITY: FLEET MANAGER

Metropolis Passenger Logistics is looking for an experienced Fleet Manager to lead our transportation operations. This role is vital in maintaining an efficient, cost-effective, and compliant fleet that supports our growing logistics network.

→ ROLE OVERVIEW

As a Fleet Manager, you will be responsible for managing all aspects of our vehicle fleet, from procurement and maintenance to compliance and operational efficiency. Your leadership will ensure our transportation services meet safety regulations, cost objectives, and performance benchmarks.

→ CORE RESPONSIBILITIES

- Strategically acquire, maintain, and retire company vehicles to optimize fleet performance.
- Lead fleet purchasing and sales efforts, ensuring cost-effective acquisitions and maximized resale value.
- Establish and enforce fleet policies to comply with DOT, Pennsylvania PennDOT fleet regulations, and Public Utility Commission (PUC) rules.
- Monitor vehicle efficiency, fuel usage, and maintenance schedules to minimize downtime and expenses.
- Build and maintain relationships with vendors, leasing firms, and insurance providers.
- Ensure full compliance with transportation laws at local, state, and federal levels.
- Implement and oversee telematics and GPS tracking for real-time fleet monitoring.
- Supervise and train drivers and fleet personnel to adhere to safety protocols and operational best practices.
- Utilize fleet data analytics to drive cost savings, enhance efficiency, and optimize routing.
- Collaborate with company leadership to develop fleet budgets and future expansion strategies.

→ IDEAL CANDIDATE PROFILE

- Bachelor's degree in Logistics, Transportation Management, Business Administration, or a related field (preferred).
- At least 5 years of experience in fleet management or a similar role.
- Deep understanding of DOT regulations, including DOT Inspections and Compliance, driver logs, DOT Clearinghouse requirements, Pennsylvania PennDOT fleet policies, Public Utility Commission (PUC) rules, fleet maintenance procedures, and cost control tactics.
- Proficiency in fleet management software and telematics tools.
- Strong leadership and communication skills to effectively manage teams and vendors.
- Analytical mindset with problem-solving abilities to improve operational efficiencies.
- Valid driver's license; industry certifications are a plus.

→ WHY JOIN US?

- **Competitive salary and comprehensive benefits package.**
- **Join a forward-thinking, rapidly expanding transportation company.**
- **High-impact leadership role with opportunities to drive strategic improvements.**
- **Supportive environment with career development and growth potential.**
